Safeguarding Handbook

February 2024

Introduction

Strong partnerships are at the heart of the way we do things in Milton Keynes. We have long since realised that we will have greater impact on the lives of local people if we work closely together. Our strengthened partnership arrangements were introduced in 2019 to lead the multi-agency work in relation to safeguarding, community safety and health and wellbeing.

The MK Together partnership incorporates our statutory partnerships for

- Health and wellbeing through the Health and Care Partnership
- Community safety through the Community Safety Partnership, known as Safer MK
- Safeguarding for adults and children through the Safeguarding Partnership

This handbook details how our multi-agency safeguarding arrangements are incorporated in our MK Together Partnership arrangements.

The MK Together Partnership

Our partnership arrangements have been underpinned by the following principles:

- Improves outcomes for residents our partnership working should have a direct impact on the lives of the people living in Milton Keynes.
- **Maximises value for the Milton Keynes pound** streamlined partnerships which minimise duplication and help partners work together efficiently.
- Flexible and agile partnerships which adapt as needed in order to keep up with the ever-changing world.
- **Facilitates system wide working** a space for open and honest conversations, further enhancing relationships across the system.
- Safeguarding as a golden thread it is front and central in everything we do.

Our partnership arrangements will:

- Have in place robust performance and quality monitoring measures regarding the implementation of agreed strategic priorities.
- Ensure that equality and diversity and safeguarding are incorporated in planning and service delivery.
- Be informed by innovation and sustainable best practice across the system which is then incorporated into commissioning plans.
- Have independent scrutiny at their core to provide assurance and hold a lens up to the system.
- Work with the support and advice of stakeholders and others, ensuring the views of local people are taken into account.
- Have suitable information sharing protocols in place signed by all responsible authorities.

Our safeguarding arrangements

The MK Together Safeguarding Partnership provides system-wide leadership for safeguarding. It seeks to assure itself that:

- Safeguarding practices in the city of Milton Keynes are compliant with legislative standards.
- The needs of local children and adults at risk of harm are met.
- Local services strive for continuous improvement.

Working groups

Five well embedded working groups act on behalf of the strategic boards to deliver partnership priorities in terms of both safeguarding and community safety. The working groups report directly into the Safeguarding Partnership for scrutiny and assessment of progress against the strategic milestones and management of risk to safeguard children and adults at risk of harm. The Safeguarding Partnership is the escalation route for risks, issues, or barriers to safeguarding identified by affiliated boards or other routes.

Each member of the working groups has delegated to make decisions, commit resources and challenge as appropriate for their organisation.

Assurance – Sponsored by the ICB, Chaired by MKTSP Independent Safeguarding Scrutineer Assurance acts as the lens over the system to ensure our partnership is:

Independent scrutiny arrangements

The whole partnership benefits from an independent safeguarding scrutineer who acts as a critical friend for decision-making across the system. The safeguarding scrutineer observes and challenges the work of the partnership, offering oversight of the effectiveness of our partnership arrangements. They will:

A panel of safeguarding partners (Case Review Panel) is responsible for overseeing the statutory case review and learning responsibilities of the Partnership. The Panel oversees the rapid review process for both children's and adults' referrals and makes a recommendation to the Safeguarding Scrutineer for the type of review to be carried out.

The Safeguarding Scrutineer has delegated responsibility for agreeing the recommendation to the National Child Safeguarding Practice Review Panel (children) or whether to undertake any review activity.
